Hi Ed!

See attached for slides for all of use to use for next week's PREP course. ACB made some updates/tweaks to a draft originally prepared by Rhina (thanks for the starting draft, Rhina, Shamus, and OPS! That definitely streamlined the preparation).

Ed, please let me know if you have any questions or comments, and we can discuss during my general time-slot on Thursday. Jeff D. cleared the high-level information on the PFAS council and Regan's announcement in the first few slides.

Best,  
Kimberly
